

Döhle
Group

WE MANAGE
GLOBAL SHIPPING

LEADING PROVIDER
OF SHIPS AND GLOBAL

MARITIME SERVICES SINCE 1956

WELCOME

to Döhle Group,

and thank you for your interest in our business.

We would like to introduce our fleet of merchant vessels and complementary services to you. We invite you to experience the different elements of Döhle Group, one of the leading providers of global maritime services.

**Find out what we believe, who we are –
and what we can offer you.**

Sincerely yours,

Jochen and Christoph Döhle, Dr. Gaby Bornheim

PHILOSOPHY

What we believe

We believe

that our customers deserve a partner who provides safe, efficient, reliable, and independent service solutions for their entire maritime business.

We dedicate

our knowledge of shipping markets and our six decades of experience in the maritime sector to guaranteeing customer satisfaction and long-term business relationships.

We analyze

all possible opportunities and risks for our customers' businesses in order to advise them and protect their interests in this constantly changing market.

We ensure

safe navigation and onboard security at all times. Our officers and crew members regularly take part in specifically designed courses and undergo training on simulation programs.

We achieve

a transparent flow of information and efficient logistic chains with our global network of experts, associate partners, brokers, shipyards, and joint ventures.

DÖHLE GROUP

Who we are

Döhle Group originated from Peter Döhle Schiffahrts-KG, which was founded in 1956 in Hamburg by Mr. Peter Döhle as an Agent to Owners („Vertrauensmakler“).

In its early years, the company mainly served the owners of coaster vessels who needed an agent ashore to pursue their commercial affairs, including chartering, operation, and accounting. In the course of the 1960s, the first container vessels were ordered and complemented our fleet. It now consists of around 500 ships – mainly container vessels, bulk carriers, multi-purpose vessels, and coasters.

Over the past six decades, Peter Döhle Schiffahrts-KG has continued to grow, building an efficient network of associated companies. This network helps us to offer our customers full-scale maritime services. Today, we operate our own vessels as well as part-owned and exclusively managed ships.

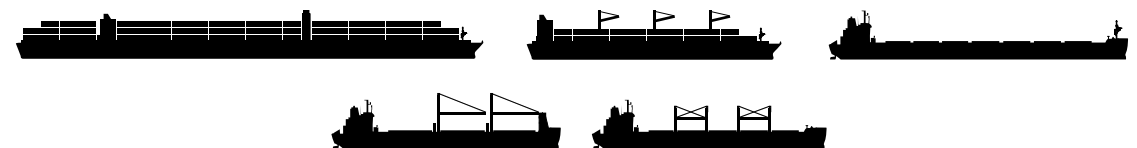

The family-owned and managed companies currently employ around 6,800 people: 2,000 employees ashore and 4,800 crew members at sea. This experienced global team includes specialized brokers for individual markets and ships as well as operational and technical experts.

CORE COMPETENCIES

What we offer you

Thanks to outstanding performance over the past six decades, Döhle Group has been able to continually expand its fleet, thereby creating added value for its clients and partners. The fleet of vessels managed from Hamburg alone has continuously grown and is today a symbol of the Group's ongoing development.

The Döhle Group's diverse array of services within the maritime industry makes it an excellent provider of one-stop shop solutions. Our executive clusters help us to

make quick decisions while ensuring safe, efficient, and on-time arrivals at the same time. For this reason, we handle most operational aspects of shipmanagement in-house.

We offer a wide range of services including financial, commercial, and technical support, as well as insurance and crew management. Apart from our complementary activities provided by the companies within the Group, our core competencies lie in chartering as well as sale and purchase.

OFFICES

Around the world

Döhle Isle of Man

Döhle (IOM) Ltd was founded in the Isle of Man in 1989 and since then, the company has grown to become the island's leading provider of quality international crew, shipmanagement, and a full range of other shipping-related services. It is currently the base for over 80 dedicated professionals, and the company employs a further 250 shore-based staff around the world.

Döhle Manila

Döhle Shipmanagement Philippines Corporation (DSPC) was established in 1993 and has grown to become one of the largest shipmanagement companies in the region today, diversifying as a full-range provider of shipping services with core expertise in crew and shipmanagement activities. DSPC's home is the matchless Döhle Haus Manila which offers 11,000 sq. m of quality office space, including 2,000 sq. m dedicated to a state-of-the-art maritime training center.

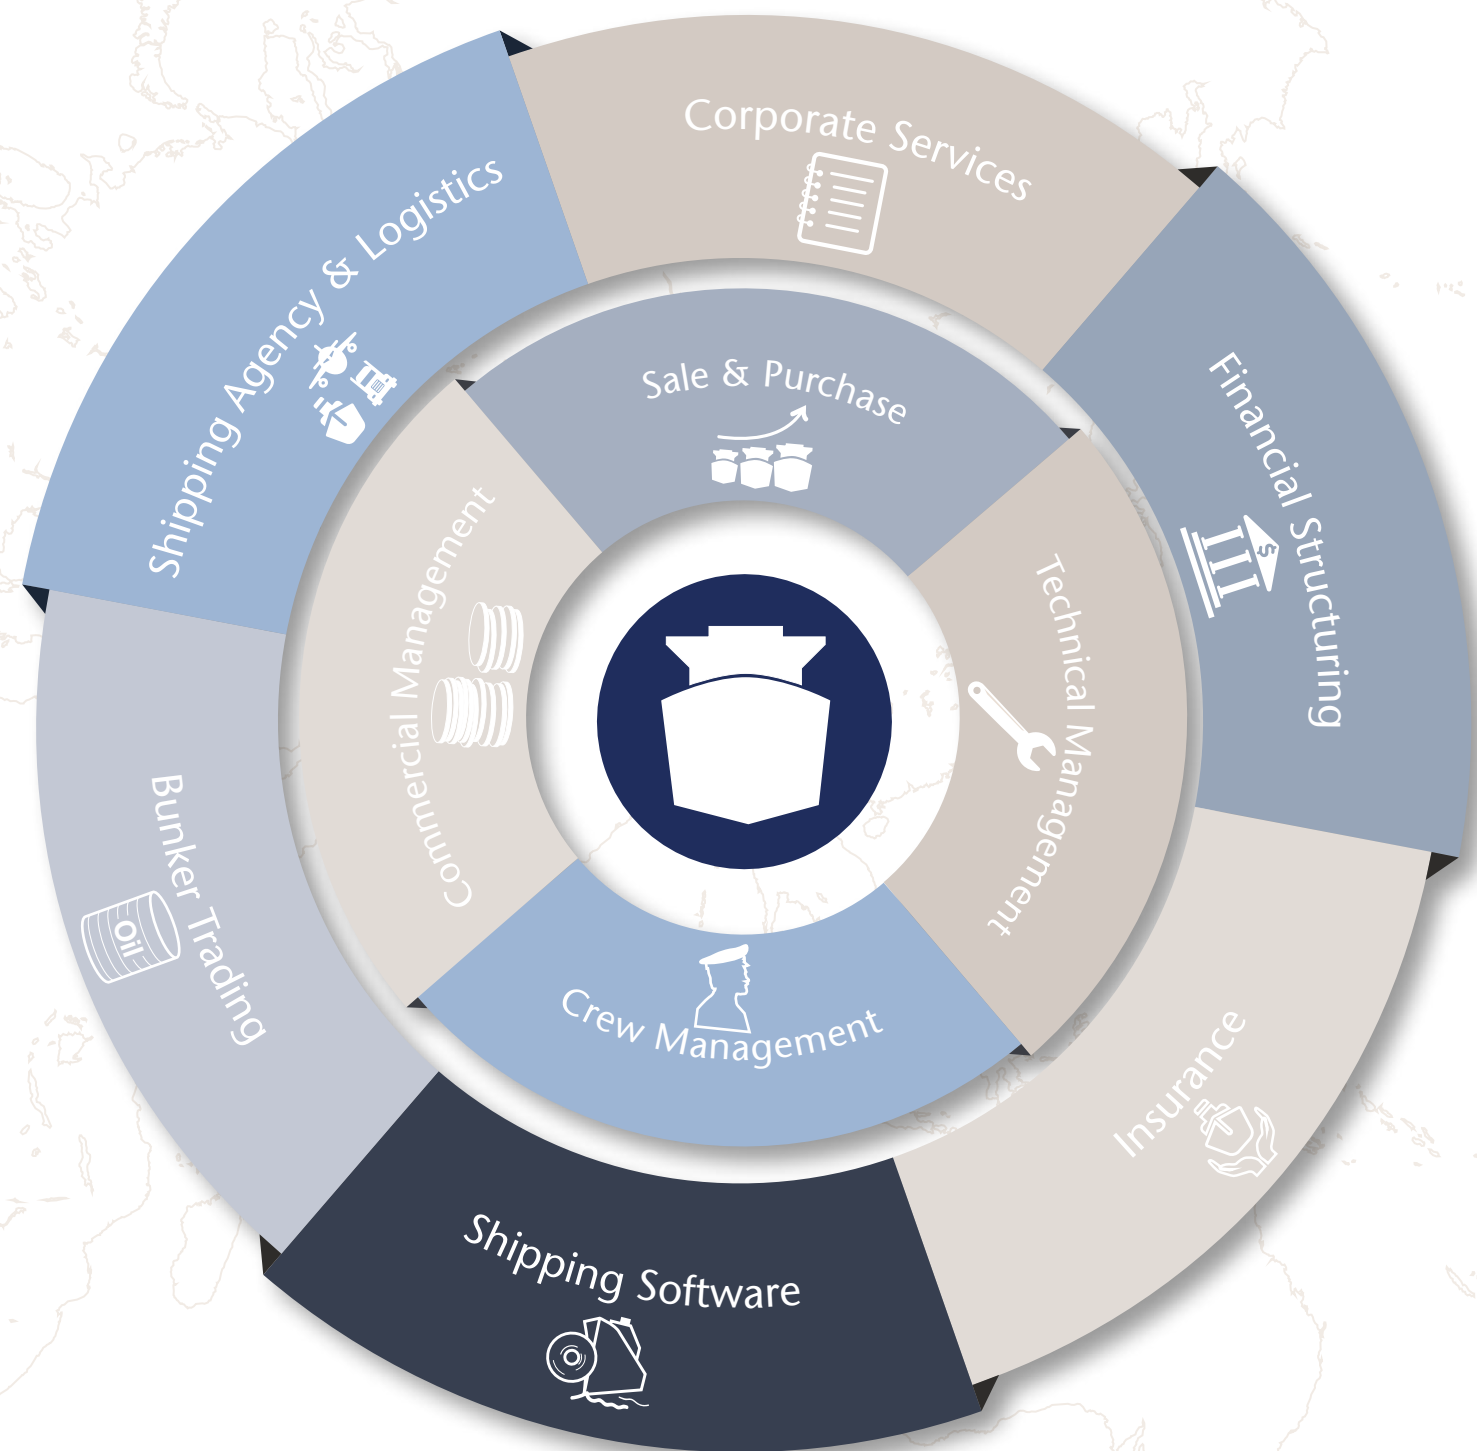

Döhle Local Presence

Döhle Group and its worldwide network of affiliated companies offers a widely spread local presence. With our local units, the best access to resources is achieved and prime services can be rendered to our clients. Thirty offices in 24 countries are the characteristics of a truly international Group that provides maritime services in global shipping.

COMMERCIAL Management

Thanks to outstanding performance over the past decades, Peter Döhle Schiffahrts-KG is the exclusive chartering broker for a large number of small and medium-sized shipping companies. The fleet of vessels commercially managed from Hamburg alone has continuously grown and covers different shipping segments.

Containerships

Döhle Group controls the world's largest tramp-owned fleet of containerships, comprising a total of around 400 highly modern vessels.

The fleet ranges from small feeder vessels of around 300 TEU up to ships of 13,000 TEU capacity.

All ships fulfill today's market requirements such as super-slow steaming and high reefer capacity. Many are equipped with their own cargo gear, making the fleet versatile as well as technically and commercially competitive in all areas of the world.
